HOWARD's EHD E Series is a model variant which utilises the body and blade beam from the EHD series together with a market standard transmission (gearbox and friction clutch) to produce a competitively priced slasher. The EHDE maintains all the benefits of the proven multi-leaf alloy spring steel blade beam. Now, you can have the legendary performance of an EHD with a more price conscious entry level spec. Two pivoting rear wheels are standard on EHD210E and EHD300E. Market standard transmission Multi-leaf alloy spring steel blade beam Two pivoting rear wheels on 210 and 300 models (optional on 180) Howard EHD Range Professional's Choice For Rugged Reliability 3 Models | 1800-2400mm (71-94") | Suits 70hp+ The EHD slasher is the benchmark for all slashers. No other brand has our history of rugged reliability and low running costs. Our confidence in the EHD is backed by an unlimited horsepower rating as the gearbox is fully fabricated from steel and fitted with a forged one-piece blade beam spindle. This is all backed up with a two year gearbox warranty. A preferred choice for many contractors and municipal users as the EHD is built for optimum safety, performance and service life. Recommended for tractors over 70hp. No maximum hp limit. Features Key Features Clevis hitch mounting Alloy spring-steel blade beam assembly Galvanised 5mm body Pivoting topmast and chain backstays Body is reinforced with full-length tubular gussets on sides Adjustable skids with replaceable runner included on EHD 180 Complies with the WorkCover Slasher Safety Guide: Extended front and rear apron to protect against foot/blade contact Front chains and rear debris guarding Upgrades Twin Rear Wheel Kit - included standard on EHD 210 and EHD 240 Twin Rear Wheel Kit - option available on EHD 180 Models EHD 180 - 1.8m Cutting Width EHD 210 - 2.1m Cutting Width EHD 240 - 2.4m Cutting Width Specifications Please download the EHD Range Spec Sheet for detailed technical information on this model. The spare parts division of PFG Australia Pty Ltd is 100 percent committed to providing a fast, efficient, and reliable parts backup service to our nationwide dealer network. From our modern, state of the art distribution centre based in Melbourne, PFG Australia provides backup and support for some of the industry's leading brands. PARTS AVAILABILITY Stocking over 100,000 line items (with an approximate value in local currency of \$40million) electronically linked and spread across our Australian and New Zealand warehouses, supporting all our franchisees, we endeavour to fully support every part of your machine. "NEXT DAY" DELIVERY PROGRAM* We ensure our dealer network receives a speedy supply of parts. Dealers receive next day service and in most cases these orders are at the dealer's premises for start of business, even for orders placed as late as 5.00pm. *Subject to availability, order cut-off times and courier restrictions. SERVICE & TRAINING Power Farming's full product range is supported by a large team of experienced service technicians providing service backup, warranty, and training programs to the dealer network. Dealer technicians are also given extensive "hands-on" training from factory trained instructors to help provide timely and accurate diagnoses and repairs. View, download or email available documentation for this machine below. If the documentation you require isn't listed please call 1300 353 944.
