Yes god yes online movie

Alice, an innocent Catholic, is tempted to masturbate after AOL chat suddenly turns sexual, but is conflicted because the act would be considered a sin. If you're one of those people who hit puberty around 2000, this short film about raging hormones might resonate with you, if not, you might get a taste of internet-enabled teenage life. . Yes, God, Yes is a film gem from director Karen Maine (co-writer of the comedy Obvious Child with Jenny Slate), starring Natalia Dyer (Stranger Things) as teenage Alice Innocent, an AOL Catholic who unexpectedly becomes a predator. It's a love story between a woman and her vagina. Many girls often reveal their bodies first before a date, but we rarely see it on screen. I want to change it. Written from her own experiences as a Catholic high school student, Karen manages to channel all those insecurities and overflowing hormones into a ten-minute film. In addition to Alice's journey, Karen also focused on resolving the unfair contradictions and hypocrisy of male and female sexuality in a strictly Christian circle. The result is a fun, nostalgic movie with a lovely performance from Natalie that pulls it all together. Vudu is not available in your area. After an innocent AOL conversation turns delicate, a Catholic teenager in the early 2000s finds masturbation and tries his new ventures. The face of eternal damnation. It's okay because I was homeschooled and Christian is growing up in a very humble lifestyle and in my family I appreciate the message they tried to convey in this movie. You grow up with so many restrictions and when you leave this horrible environment, it's definitely an awakening. Know that people are doing what has been forbidden for many years and they are okay with it. I like to watch movies where I can control the story a bit. It wasn't really great or the best movie I've ever seen, but I guess that's good news. I have no idea why R. liked it, as he was kind enough for what appears today, but maybe I'm wrong? I ended up liking Natalia's Sceer, even though she's in her twenties, she can still pull off a teenager.
