

I'm not a bot

The average CAD Designer salary in the UK is £35,410. A market-leading company specialising in mobility access products is hiring a CAD Designer. The successful candidate will be responsible for creating technical drawings and product collateral. They must have expertise in SolidWorks CAD software and good communication skills. Other responsibilities include working with engineers and architects to develop precise 3D models and supporting marketing efforts. Required skills and experience include advanced SolidWorks drafting, proficiency in Adobe Creative Suite, and knowledge of engineering principles and manufacturing processes. A strong problem-solving ability and multitasking skills are also essential. If you're a CAD Designer passionate about precision and design, this could be an exciting opportunity for you to join their innovative team. To become a Junior CAD Designer at this leading supplier of fitted Kitchen and Bedroom furniture in the UK, you will need to have experience with CNC processes and possess relevant skills such as SolidWorks and 3D modelling knowledge. Previous work experience in manufacturing, especially within sheet metal environments, is highly beneficial. Familiarity with commercial kitchen ventilation concepts can also give an edge over other candidates. A general IT literacy is necessary for this role. Competitive salaries are offered based on experience, along with a robust benefits package that includes a pension scheme, life insurance, income protection, and more. Generous holiday allowances of 25 days per year plus birthday leave are provided to support work-life balance. The company offers a supportive workplace culture, celebrating employee contributions and service through longevity awards. Hours of work include Monday to Thursday from 08:30 to 17:00 with a 45-minute lunch break, Friday from 08:30 to 16:00 with a one-hour lunch break. A full induction training program is provided to equip new hires with CAD software skills. Cad Designers in various locations across England are earning a salary range of £40,000 to £102,375 per annum, with Manchester and Hertfordshire having the highest average pay. Other areas such as Maidstone, Surbiton, Leighton Buzzard, Basingstoke, Swindon, Worcestershire, and Warrington, Cheshire also offer competitive salaries within the same range.
