Advertised as a sturdier cycle with a motor, Luna allowed people the option of pedalling or using the motor. With time, the motorcycle and scooter markets evolved, and people started opting for a gasoline-powered two-wheeler over moped bikes. However, as the world is turning energy-conscious, people are looking at alternatives to gasoline-powered bikes, and mopeds are making a comeback.A moped bike is powered by an electric motor. It is usually light in weight and offers one of the most cost-effective ways of travelling short distances. Most mopeds also have pedals that allow you to cycle your way to the nearest charging point or even back home. If you are looking for the best moped bike in India, then here is a list for your ready perusal.The TVS XL100 Heavy Duty is one of the most affordable two-wheelers in India. It is designed to cater to the cost-efficient load-carrying requirements of people living in the rural parts of the country. The moped has a small fuel tank with a capacity of four litres combining the reserve arriving at 1.3 litres. You can remove the rear seat of the moped to carry an additional load. The bike weighs only 88 kgs. If you are looking for a load-carrying, affordable, and the best moped in India, then the TVS XL100 Heavy Duty is a model you should consider.SpecificationsEngine Capacity: 99.7ccEngine Type: Single cylinder, 4-strokeMaximum Power: 4.4PS at 6000 RPMMaximum Torque: 6.5Nm at 3500 RPMGear Box: Single SpeedFuel Capacity: 4 litresMileage: 80 kmplApproximate Market Price: 45500 (ex-showroom Delhi)Known for its affordability and cheap maintenance, the TVS XL100 Comfort is another model from TVS Motors focused on the rural segment of India. It has dual hydraulic springs in the rear and telescopic suspension in the front. The fuel tank is small, and the moped has front and rear drum brakes. You also get a USB charging port. The simplicity and robust build quality of the TVS XL100 Comfort make it a strong contender for the best moped bike in India.SpecificationsEngine Capacity: 99.7ccEngine Type: Single cylinder, 4-strokeMaximum Power: 4.4PS at 6000 RPMMaximum Torque: 6.5Nm at 3500 RPMGear Box: Single SpeedFuel Capacity: 4 litresMileage: 80 kmplApproximate Market Price: 43000 (ex-showroom Delhi)The Joy e-bike Honeybee is an electric moped bike by the manufacturer Joy e-bike. It is a one-of-a-kind electric moped in India. The kerb weight of the Honeybee is merely 35kgs which makes it easy to carry in an SUV with all rear seats folded. Both wheels have drum brakes with telescopic forks for suspension at the front and dual adjustable shock absorbers in the rear.SpecificationsEngine Capacity: 250 Watts BLDC Motor (Waterproof)Battery Type: 48 V / 10 Ah, Lithium-IonRange per full charge: 40 kmCharging time: 6 to 7 hours (with regular charger), 3.5 to 4 hours (with optional fast charger)Approximate Market Price: 42300 (ex-showroom Delhi)Here are some benefits of owning a moped:A moped bike price is usually lower than motorbikes and scooters. Further, they run on electricity, making them highly cost-efficient to run.Mopeds dont produce emissions that can harm the environmentUsually, moped bikes do not require regular maintenance. There is no need for an oil change too. Further, moped spares are generally cheaper than motorcycle or scooter spares.A moped bike usually has a lower speed cap than motorcycles and scooters. Hence, mopeds are relatively safer compared to other two-wheelers. However, make sure that you purchase a two-wheeler insurance policy for your moped to protect it from unexpected emergencies.A moped is one of the most versatile two-wheelers. You can use it for work, leisure, carrying a load, or to transport the elderly.Usually, mopeds have pedals. Hence, you can never get stranded. If your moped runs out of charge, then you cycle it to the nearest charging point or even back home. Moped Model Ex-Showroom Price* in Delhi TVS XL100 Heavy Duty 45,500 TVS XL100 Comfort 43,000 Joy e-bike Honeybee 42,300 Yes, it is mandatory to have a bike insurance policy for your moped. The Motor Vehicles Act of 1988 makes it mandatory for mopeds to have a third-party insurance policy. However, these policies do not offer coverage for damages to the insured vehicle. Hence, many people opt for comprehensive insurance for a 2-wheeler, which includes third-party liability and damages to the insured vehicle.At Tata AIG, we offer a range of options under bike insurance policies to meet the varying needs of bike owners. If you are choosing to purchase a comprehensive two-wheeler insurance plan, then you can also opt for add-on covers to customise it as per your needs. Make sure you compare two-wheeler insurance before signing the dotted line.Indians are increasingly opting for mopeds and electric bikes to save costs and reduce the impact of pollution on the environment. If you are looking for the best moped bike, then make sure that you go through all the options available to you and choose wisely. You can also look for the best mileage moped bike to keep your running costs low. However, do not forget to purchase two-wheeler insurance for your moped before hitting the roads.All the moped prices and other information listed above pertain to a specific city and vehicle model. Since this information is subject to change, it is advisable to check the latest information before purchasing a vehicle or an insurance policy.Your policy is subjected to terms and conditions & inclusions and exclusions mentioned in your policy wording. Please go through the documents carefully.BEWARE OF SPURIOUS PHONE CALLS AND FICTIOUS / FRADULENT OFFERS IRDAI or its officials do not involve in activities like selling insurance policies, announcing bonus or investment of premiums.
