I am Sebastián Vidal, a computer engineer passionate about technology and DIY. Furthermore, I am the creator of tecnobits.com, where I share tutorials to make technology more accessible and understandable for everyone. We're SO excited to announce that our brand-new creator tool, Outfit Designer, is OUT NOW! After reading so many suggestions from players, we developed Outfit Designer, a tool that lets you style unique outfits by mixing and matching pieces. Outfit Designer is available for all players, so make sure your app is updated to version 1.99. Ready to mix and match? Let's go over all the details How do I get started with Outfit Designer? To start styling, tap the new creator tools menu on the map's top right corner, then tap the mannequin icon next to Character Creator. Now that you've accessed Outfit Designer, select the type of character (adult or toddler) and browse through all the clothing and accessories categories to mix and match the pieces, as shown in the video below. We've included a selection of pieces with the tool so you can start styling right away! If you already own any of the Style Packs you will also find the pieces there in each category to mix and match with your outfits.Once your look is complete, tap the back button on the top left corner to save. How many outfits can I create? You can create up to 15 stylish outfits for your characters. If you want to delete one, select the outfit and press and hold the red trash can button at the bottom of the outfit. What happens if I delete my outfit? If you deleted an outfit while your character was wearing it, the next time you see them, they will be wearing default jeans and white t-shirt. If the outfit was placed in one of your houses, you should also find the default outfit folded in the location where you left the deleted outfit Can I create my outfits with any item in the game? Currently, you can only mix and match the items included with the Outfit Designer and from Style Packs. Gifts and Character Creator outfits can't be used with the tool.Can I find my created outfits in the Character Creator? Yes! You can find the outfits in a special category in the Character Creator. Jump to the Character Creator and swipe the menu to find the wardrobe button that looks like a hanger. While outfits from Outfit Designer appear in Character Creator, they cannot be used in Outfit Designer. Take a look at the video to see where to find your created outfits. Want to add a hat or some glasses to your character? You can tap the wardrobe button to find hats and masks from your Style Packs to finish up your character's look Currently, the hats and masks from Character Creator aren't available on the wardrobe. Can I use my outfits in Home Designer? Yes, when you're inside your Home Designer house, you can tap the creator menu on the top right corner to find the Character Creator button, the Outfit Designer button, the yellow wardrobe button and the decorating menu. Tap the hanger to see your created outfits. Let's change one of the outfits from the characters in the game. We hope that you'll have a lot of fun creating your own outfits.
